What you need to know

Discounts are a great way to save money. But they're not insurance.

Instead, with a discount, you get access to a vendor that has agreed to give Aetna Dental plan members discounted prices on products and services. You pay the discounted price directly to the vendor.

Because discounts aren't insurance, you don't have to worry about claims or referrals. And there are no limits on how often you can use them.

Medical research continues to show a connection between heart disease and gum disease.¹ Researchers have also found a higher incidence and severity of gum disease among patients with diabetes. That's why seeing your dentist regularly might be one of the best defenses against illness. Not just for good oral health, but also for your overall health.¹
